## **Class Full**

Design a necklace with embossed Metal tape. This Matchbox pendant is covered with embossed and colored metal tape, when it is open it reveals a small album. Each student will be required to bring a small piece of costume jewelry or special button to embellish the front of the pendant making it uniquely yours. The kit will include all materials for the matchbox, chain, fancy beads to include in the chain, upper and lower medallions and charms. Also include are pre-cut embossed metal tape in the kits but will demo the die cut machine by embossing the metal tape.
